This flat building plot is located near the sea and the Greenwich marina. A new-build villa has already been drawn up on the plot, complete with permit and architectural plan. This villa consists of two floors, with the kitchen, living room, dining room, a bedroom with en-suite bathroom on the ground floor and a private swimming pool on the terrace area. On the top floor there are three more bedrooms, each with its own bathroom. Optionally there is a spacious basement.
