598.000€

Polop

Bedrooms: 3

Bathrooms: 3

Build: 165m²

Plot: 351m²

Reference: 3476

Introducing a new development of 36 luxurious detached villas, designed for modern living with ample space and privacy. The villas come in two types, both offering high-end finishes and eco-friendly features. The first type includes three bedrooms, each with its own en-suite bathroom, plus a guest toilet. Set on plots starting from 350m², the villa offers a spacious terrace, porch, private swimming pool, and parking space. Inside, enjoy motorised blinds, underfloor heating in all bathrooms, pre-installed hot/cold air conditioning ducts, and aérothermal heating for domestic hot water. The villa also features three photovoltaic panels for energy efficiency. The second type is a single-story villa, offering the same features as the first but all on one level for added convenience. Both villa types combine modern luxury, functionality, and sustainability, providing the perfect setting for a comfortable and peaceful lifestyle.
