Inspired by Frank Lloyd Wright's 'Falling Water', one of the most iconic houses in the world, this beautiful modern version towers over the Don Cayo golf course in Altea. The view of the bay of Altea, with the golf course, the mountains and the Mediterranean Sea is absolutely breath taking. The remarkably spacious indoor garage offers space for six cars. The elevator leads directly from the garage to the walkway that gives access to the luxurious design living room with open office space and a seamlessly fitting Italian design kitchen with cooking island. The striking open layout of this space enhances the feeling of light and space. Around the living areas, there are several terraces with a spectacular 360-degree view. The terrace with outdoor Jacuzzi overlooks the magnificent bay of Altea and is the perfect place to spend many romantic evenings. On the top floor, there is also plenty of space, with four spacious bedrooms and three bathrooms, two of which are en suite. All bedrooms also have their own terrace. There is a separate guest accommodation with two bedrooms, two bathrooms, a private living room and kitchen. On this level, there is also the luxurious infinity swimming pool, with a large sun terrace. The optimal sun orientation and the beautiful views invite you to enjoy the pool terrace from early in the morning until late at night. Those who prefer some action can practice their swing in the garden with its own minigolf course. The villa is equipped with every possible comfort, including underfloor heating, a gas fireplace and central air conditioning, making it the perfect home for both winter and summer. This modern masterpiece succeeds effortlessly combining eye-catching architecture, maximum comfort and breath-taking views. You will never want to leave again.
